**Revised List of Deceased Soldiers of West Virginia Taken from the Records
as Furnished by the War Department to the Adjutant
General of West Virginia**

January 1, 1922.

While this list is almost complete there will be a few corrections. Advice has been received from the War Department that in some cases, owing to the present inaccessibility of the records, no record cards for deceased soldiers have been prepared, and in some cases the complete record is not given. It is believed, however, that preparation of records for all such cases will be completed within a short time.

*Indicates about the date of death.
